

Mpalapata School  
15<sup>th</sup> September, 2010

Dear Mr and Ms Schumacher

We are very happy about this donation, as the books help us to teach the children in an useful way. As you know, the Ministry of Education in Malawi does not have the money to really support all the schools with teaching materials. Therefore, your donation was a very big step for our school, for the teachers and the pupils. The children love working with the books in the library. They are very careful with them.

We have received all books and we believe our pupils have a better chance for a bright future. Since a school with a good library is a good environment for the pupils.

Wishing you all the best

Lawrence Kacholola - The headteacher
